

MTFR STRATEGIC PLAN

MTFR Mission Statement

M*iami Township Fire-Rescue provides superior fire protection & prevention, rescue and emergency medical services to the residents of and visitors to Miami Township, Yellow Springs and Clifton. We offer opportunities for volunteerism and professional growth for our residents and members.*

Core Values of the Department

Service

The Department continues the tradition of answering the call to protect and serve.

Safety

We strive to provide the safest possible environment for our members by providing them with the best equipment and training. We work to reduce risk to the public from fires, emergencies and medical incidents.

Dedication

Commitment to our mission is an essential part of who we are. We are faithful to our obligations and fulfill our duties professionally.

Professionalism

We inspire each other through pride in our Department, and the belief that every action reflects on all of us, both past and present.

Diversity

By bringing together people with different backgrounds and beliefs, we are able to better serve our community.

MTFR Scope of Responsibilities

Over the years, our responsibilities have evolved from an emphasis on fighting fires to an all-hazards role, encompassing emergency medical care, firefighting, rescue and prevention education. Our core responsibilities include:

- **Fires**
Traditional structural firefighting, vehicle fires, brush fires and rescues related to these incidents.
- **Medical Emergencies**
We provide state of the art pre-hospital care & transportation at the advanced life support level.

MTFR STRATEGIC PLAN

- **Prevention Services**
Traditional fire prevention has evolved into all-hazards education. We provide fire inspection and prevention education, fire code enforcement, and health and CPR instruction.
- **Environmental Protection Services**
As a delegated authority agency for the State of Ohio, we inspect and regulate underground fuel storage tanks. In addition, as first responders to hazardous materials incidents, we play a key role in mitigating these types of situations.
- **High Angle Incidents – rescue and recovery**
Enhanced training and specialized equipment enable members to perform rescues at technical rescue incidents involving ropes, climbers and confined spaces.
- **Vehicle & Machinery Incidents – rescue and recovery**
Working in partnership with law enforcement agencies, we respond to emergencies involving vehicles and machinery in which victims are trapped.
- **Catastrophic Weather Events – snow, heat, severe storms, tornados**
MTFR assists the community in all weather emergencies and natural disasters, including storms, floods, blizzards, tornados and heat waves.
- **Special Events – planning and response**
Special event protection includes planning for and response to events, including Street Fairs, Independence Day celebrations, and Blues Fest.
